APDA’s mission: Every day, we provide the support, education, and research that will help everyone impacted by Parkinson’s disease live life to the fullest.

The APDA Midwest offers a patient aid scholarship program designed to provide financial support to people with Parkinson’s disease (PD) and their families. Approved applicants will be eligible to be granted up to $500 once per calendar year (January – December). Funds are limited and will be awarded on a first come basis. This Patient Aid Scholarship Program is intended for individuals with PD in need of financial assistance for programs, services and/or activities, such as:

- **Exercise/Wellness**: Supports costs associated with exercise/wellness programs and activities that focus on evidence-based treatment to improve and maintain the health for persons with PD. This is for exercise-related activities and classes such as, but not limited to: boxing, dancing, yoga, tai-chi, physical therapy, occupational therapy, etc.
- **Medication**: Defray expenses not covered by other programs or health insurance.
- **Respite Care/Adult Day Program**: Subsidizes the cost of respite care for the person with Parkinson’s disease. Respite Care enables care providers to take time away from their responsibilities to rejuvenate.
- **Assistance at Home**: Covers expenses for home services, such as housework, light yardwork, snow shoveling, and other tasks that a person with PD or a care provider are not able to complete.
- **Transportation**: Covers costs associated with travel to and from doctor’s appointments, support groups, and other events for those who are no longer driving or for whom driving is significantly limited due to the effects of Parkinson’s disease.
- **Childcare Assistance**: Subsidizes the cost of childcare for people with Parkinson’s.
- **Adaptive Equipment**: Offsets costs associated with the purchase and/or installation of equipment or modifications needed in the home to aid in activities of daily living, such as, but not limited to: grab bars, hand rails, widening doorways, bathroom accessibility, etc.
