

# Singing with Parkinson's Chorus

A vocal strengthening group for people with Parkinson's Disease

The Singing with Parkinson's Chorus offers people in the community an opportunity to participate in voice therapy while singing, performing, and experiencing the joy of making music.

- Engaging choral singing helps with PD-related voice and communication challenges.
- Chorus incorporates vocal exercise and attention to posture and breathing.
- Dynamic conducting and live piano accompaniment enrich the choral experience.
- New and experienced singers are welcome. No auditions.
- Caregivers and family members are encouraged to participate.
- Meetings include a break for refreshments and socializing.

**Registration is required. Register online or call.**

**Wednesdays, 10:30 AM – 12:00 PM**

**Start date: March 6th**

**\$5 per rehearsal**
