

Strength in optimism. Hope in progress.

Date: January 24, 2019

To: **Friends of the American Parkinson Disease Association – Oklahoma Chapter**

We are writing to you to ask for your help to continue to provide “Strength in optimism. Hope in progress” as we provide desperately needed support for an estimated 10,000 individuals with Parkinson’s disease in the Oklahoma area. Many organizations, by supporting those with Parkinson’s disease are helping to find a cure. Your donations and support help us to provide support, life saving education, resources, and referral for services to those struggling with this debilitating disease TODAY. Finding a cure is important, but those who are fighting *today* need your support now more than ever before.

Over the past 12 months, APDA has:

- Trained 15+ new support group leaders in the past year to provide monthly education and support to those with Parkinson's disease through support group leadership
- Held an 8-week PRESS (Parkinson's Roadmap to Education and Support Services) class for facilitated by licensed counselors for individuals diagnosed with Parkinson's 5 years or less to provide practical knowledge for those newly diagnosed individuals and their caregivers. We plan to hold another 8-week class in 2019.
- Provided education and support to many Oklahomans by sharing potentially life-saving knowledge, allowing them to work more effectively with their physicians and therapists to customize their care and therapy for their individual needs.
- Held an annual Parkinson's Education Forum with 2 Movement Disorder Specialists, two Physical Therapist, 2 Speech Pathologists, a Tai Chi instructor and 30+ exhibitors provided guidance and instruction to over 200 individuals with Parkinson's and their caregivers to help them live a better life with Parkinson's disease
- Provided comfort and guidance to a families whose loved one is suffering with quickly progressing Parkinson's dementia, allowing them peaceful moments and the ability to communicate more effectively while struggling with this illness.
- Provided publications, resources, and counseling to many with Parkinson's to assist in this journey and make life easier with a chronic illness.
- And much more...
