

Expressive Arts Workshops

Muhammad Ali Parkinson Center

A Parkinson's Foundation Center of Excellence

Let's Paint!

It's fun, it's enhancing, it's challenging, and it's YOU. Creativity with paint is just another way to speak a new personal language. These workshops are designed to provide you with "doors" to new places with art instructor **Gregory Pearce**. Our programs have been in operation for over 14 years. Many of you have joined us before. If you have already painted, that's great! If you have never painted before, here is your chance, join us and "Let's Paint".

This workshop is designed for people with Parkinson's disease and their care partners. All are welcome, from beginners to advanced. Gregory provides individual attention to all. We invite you to look for inspiration around you (a picture, a landscape, a calendar image, etc.) and bring it to the first session. We will also provide a variety of images and ideas for further inspiration. Class size is limited and registration is required. **All participants will be required to wear a face mask during class.** Disposable masks will be available.

Cost:

\$30 per person or \$50 per couple for five consecutive weekly sessions (materials are included).
