Our Vision

A world without Parkinson's disease.

Our Mission

Every day, we provide the support, education, research, and community that helps everyone impacted by Parkinson's disease live life to the fullest.

OUR CORE VALUES

Commitment

Compassionately provide high quality service and support.

Respect

Foster a diverse, equitable, inclusive, and accessible culture.

Collaboration

Establish meaningful relationships to build strong, supportive communities.

Integrity

Act ethically with honesty, transparency, and accuracy.

Accountability

Responsibly steward our actions, outcomes, and resources.

OUR 2025-2027 STRATEGIC GOALS

- Expand our reach and impact by bringing our programs and resources, health and wellness activities, education and support initiatives, and research outcomes to everyone affected by PD.
- Create impactful programs and resources that focus on unmet needs of the PD community.
- Forge new national and local partnerships and collaborations with a focus on identifying and serving under-resourced, under-studied, and under-engaged communities who need us most.
- Ensure that APDA is a vital part of everyone with PD's health care team.
- Expand our research grant program that serves as a beacon of hope to the PD community.
- Firmly establish APDA as an indispensable ally throughout every unique Parkinson's disease experience.
- Expand and diversify sustainable support for APDA's mission.

PROGRAMS &
SERVICES

PROGRAMS & SERVICES

Through a nationwide network of Chapters and Information & Referral Centers, the American Parkinson Disease Association (APDA) supports people living with Parkinson's disease (PD), as well as their care partners and loved ones, by helping them assemble the resources and support they need to feel more empowered, connected, and optimistic.

Across the country, we are the boots on the ground, building local communities that lift each other up. From support groups and exercise classes to educational events and access to PD experts, APDA is here for every member of the PD community, working tirelessly to help make their journey more positive. In addition to local in-person events, APDA offers extensive virtual programming and a robust resources library – with many resources available in Spanish and Mandarin/Simplified Chinese – to ensure that more and more members of the PD community have access to high-quality information and services no matter where they live and to help them feel connected to the community even from a distance.

It's through your partnership that this important work comes to life.

PUBLIC
AWARENESS

PUBLIC AWARENESS

APDA works tirelessly to educate the public about Parkinson's disease (PD), which is the fastest-growing neurological disorder in the world and affects an estimated one million people in the United States. We're dedicated to raising awareness of PD's significant impact while promoting APDA as the leading authority and trusted resource for those affected.

RESEARCH

RESEARCH

With your help, APDA proudly invests in the most promising clinicians and scientific projects focused on discovering the cause(s) of and finding the cure(s) for PD. We are committed to scientific research and have been a funding partner in many major PD scientific breakthroughs, investing more than \$65 million in research since 1961.

REVENUE

REVENUE

APDA's strategic expansion of existing fundraising campaigns, along with newly established income streams, resulted in a diverse and resilient revenue mix that not only strengthened our financial foundation, but empowered us to broaden the reach of our mission – ensuring we continue to meet the evolving needs of the Parkinson's community.

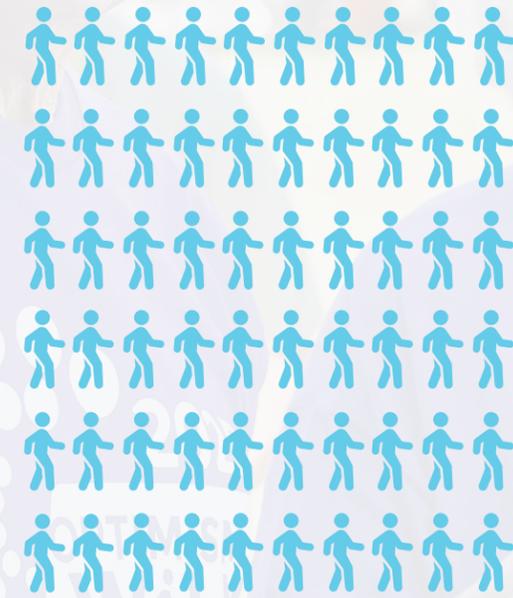

OPTIMISM WALKS

The Optimism Walk is APDA's signature fundraising event series. Across the country, walkers joined forces within their local communities to raise awareness and vital funds for the PD community.
